

The Nypro Foundation

Donation Form

Thank you for donating to The Nypro Foundation's Mission to support charitable endeavors in our local community. The Foundation is proud to have been providing donations to non-profit organizations having a direct impact in the Clinton and surrounding areas where our employees live, for more than 20 years. Our primary areas of focus are people-related non-profits – in particular Health and Human Service Organizations and Education, however we do also support Arts and Culture, Civic and Community and to a lesser degree Infrastructure (construction, restoration) donations.
